Date: July 15, 2020

**Circular 11**

**Sub: Methodology for completion of certain courses running in 2019-20-W semester, for which physical presence of the students in the campus is required**

The following courses require students' physical presence on campus for effective completion of the course for 2019-20-W semester.

- EE251: EE Lab I (Electrical Machines Lab) – 2 credits
- EE352: EE Lab III – 2 credits
- EE171: Independent Project – 2 credits
- EE371: Independent Project – 2 credits

For effective closure of the said courses in 2019-20-W semester, the following methodology is being adapted.

- Each of the aforementioned courses (say, main course) shall be divided into two sub-courses of one credit each as below.

Main course	First sub-course (one credit each)	Second sub-course (one credit each)
EE251: EE Lab I	EE225: EE Lab I – Part-I	EE226: EE Lab I – Part-II
EE352: EE Lab III	EE325: EE Lab III – Part-I	EE326: EE Lab III – Part-II
EE171: Independent Project	EE125: Independent Project – Part-I	EE126: Independent Project – Part-II
EE371: Independent Project	EE327: Independent Project – Part-I	EE328: Independent Project – Part-II

- The first sub-course shall have the content which was already covered in the main course. Students' registration for the main course shall be migrated to the first sub-course. Suitable evaluation shall be carried out by the course instructor by 17<sup>th</sup> July, 2020 and the students shall be graded for the first sub-course by 20<sup>th</sup> July, 2020.
- The contents for the second sub-course shall be what would have been covered in the main course, had the lockdown not been there. The second sub-course shall be offered in a later semester.
