

National Mathematics Day at IIT Bhilai

Indian Institute of Technology Bhilai celebrated National Mathematics Day to commemorate the birth anniversary of the Indian mathematician Srinivasa Ramanujan for his extraordinary contribution to the field of science and mathematics. Having almost no formal training in pure mathematics, he made a substantial contribution to mathematical analysis, number theory, infinite series, and continued fractions.

The programme was conducted in hybrid mode and it started with an introduction by Prof. P. D. Srivastava, Head, Department of Mathematics and a welcome address by Prof. Rajat Moona, Director, IIT Bhilai. Prof. S. Ponnusamy (IIT Madras), Prof. Neeraj Misra (IIT Kanpur) and Prof. Anupam Saikia (IIT Guwahati) were the esteemed guest speakers of this event, which comprised of talks on various topics, including Statistical Thinking and Number Theory. A quiz competition was also conducted for all the participants related to the Life and History of well-known mathematicians including general mathematical concepts. The programme ended with a vote of thanks by Dr. Pawan Kumar Mishra.

The banner features a light blue background with a subtle geometric pattern. On the left is the IIT Bhilai logo, a circular emblem with a globe and text in Hindi and English. The central text is in Hindi and English, announcing the date and event. On the right is a black and white portrait of Srinivasa Ramanujan, a young man in a suit and tie, looking slightly to the side.
