

INTERNSHIP REPORT 2019

IIT Bhilai collaborates with leading organizations and institutes for internship and training program of students. Summer Internship is not a mandatory part of curriculum of the UG students at IIT Bhilai but it is an excellent opportunity for students to gain an exposure with industry and academia before making a final career decision. This year the training and placement office liaised with various industrial establishments, corporate houses, institutions, etc. to provide practical exposure to the students. Students were offered internships from 61 organisations.

In summer 2019, more than 150 students of IIT Bhilai were placed in organisations and educational institutes of national importance. Our students have demonstrated their calibre by not only bagging good internships but also qualifying for internationally coveted programs like the **Google Summer of Code (GSOC)** where they would be working on a project for DBpedia.

Major internship recruiters were Robert Bosch, CDAC, VMWare, GSoC, IITs, Carrier Midea, Think Future Technologies etc. A detailed internship summary is given below

Internship Details	No. of Internships
Computer Science Engineering	58
Electrical Engineering	50
Mechanical Engineering	41
